Family Home Support Services P/L offers a private Consultancy & Advisory Service

Family Home Support Services believes that it is preferable to provide health care and home support services to people in their own home for as long as possible, where they can be in control of their own lifestyle and environment.

The company strives to improve the health and state of independence of individuals affected by injury, hospitalization or any chronic health problems, which can ultimately lead to decline in independence and wellbeing.

Care planning can be frustrating

This is when clients and their families can call upon our consultants to provide a reliable, sensitive approach to their concerns.

Our Care Planners offer a range of expertise

- Many years of experience in aged care in community services, and aged care facilities
- Experience with A.C.A.T.
(The Aged Care Assessment Team)
- Updated Professional Development
- Staff holding a current Registered Nurse Registration
- Master of Gerontology
- Staff employed are qualified and experienced, receiving ongoing education

AGED CARE PLANNING IS NOT ALWAYS ABOUT PLACEMENT INTO SUPPORTED RESIDENTIAL SETTING...

We can assist you with:

- Future planning
- Advocating and liaising with community services
- Working through the process of the Aged Care Assessment and Aged Care Facilities as required
- We can assist with “form filling” and arranging contact with other health professionals
- Provide a private service accompanying patients to and from hospital

Consultation fees

Consultation fees start from \$65 per hour. Fees for private home support services billed monthly.
